

Testing Profile Installation Instructions

(Make sure the computer Wallpaper is not a moving image.)

Open Self Service	
In the search bar, type "fsa" and click on it in the search results	
Update or Install the FSA Browser if needed. (Do not remove)	
You'll see "FSA Testing Profile." Click "install"	
Open the FSA Secure Browser. IF YOU STILL HAVE ISSUES... Close Self Service and open Manager.	
Click "My Commands" on the bottom.	
"Execute" the FSA Assessment Fix. The computer will restart and prompt you to sign in.	
Once the dock changes (It will refresh to only a few applications) open the FSA Browser.	

Troubleshooting Tips:

Restart the computer.

Open Self Service and check for and install updates.

Repeat steps above.
